Leather Carrying Handle for ease of handling

Xciel Inc is a manufacturer of explosion proof products and intrinsically safe solutions for your portable devices like smartphones and tablets, which are designed to survive the challenges of rugged environments. Whether you work at a construction site or at an oil and gas plant, count on us to provide devices that offer complete protection from sparks, shocks, dust, vibrations, and water.

You will not only get great functionality from our products but also durability that can withstand the type of abuse that can happen in a busy work site. We ruggedize and certify commercial-grade products so they can be used in hazardous areas.
